A STORY OF MADE IN ITALY EXCELLENCE IN CONTEMPORARY FURNITURE DESIGN SINCE 1948

Minotti is an **Italian company** internationally recognised in the field of contemporary design. Founded by Alberto Minotti in Meda, Italy in **1948**, the brand embodies the innate entrepreneurial spirit and deep aesthetic intuition of the eponymous family. The current CEOs of the second generation Renato and Roberto Minotti have been gradually joined by the third generation, with distinct backgrounds and roles: Alessio, Alessandro, Susanna and Leonardo Minotti. Together, they are at the forefront of the company's essential processes and values, guaranteeing the constant development of Minotti's heritage and identity.

The hallmark of Minotti, recognised as a **Historic Trademark of National Interest** in 2022, is its exquisite craftsmanship, expressed through indoor and outdoor upholstered pieces and furnishing accessories for residential, hospitality and yachting environments, which embody the values of sartorial elegance, aesthetic understatement and high quality. Minotti reveals itself as a pioneer of the 'lifestyle' concept in the industry: an innovative inspiration for living that aims to contextualise projects and products in sophisticated architectural spaces, strongly representative of the brand's language.

Over the years, Minotti has engaged architects and designers all over the world - Christophe Delcourt, Nendo, Marcio Kogan / Studio MK27, GamFratesi, Inoda+Sveje, Hannes Peer and Giampiero Tagliaferri - to shape its vision, while preserving over time the precious design legacy of Rodolfo Dordoni, Art Director and Coordinator of all the collections from 1998 to 2023.

The characteristic Made in Italy quality and unique style of Minotti are distributed across 80 countries, through a **global network** of flagship stores and authorised dealers.

EXPLORE MORE

A GLOBAL NETWORK WITH MORE THAN 60 FLAGSHIP STORES

Minotti boasts a global presence in **80 countries**, with a selected and extensive network of **more than 60 flagship stores**, along with **concept stores and over 300 authorised dealers** worldwide.
These showrooms express the essence of Minotti and showcase the variety of the collections in spaces that combine architecture, interior design and decoration, thus offering an authentic brand experience.

The network of flagship stores, in particular, is constantly expanding, with future openings in several **strategic locations** around the world, thanks to the collaboration with qualified **local partners**.
All of them, with passion and determination, support the exciting and challenging mission of the brand to spread the excellence of *Made in Italy* throughout the globe.

The Minotti Collection is a multifaceted project coordinated by Minotti Studio – the in-house creative department – featuring a wide-ranging furniture proposal by an **international team of architects and designers**.
Indeed, over the years, the brand has embarked on an unprecedented stylistic and multicultural exploration of its guiding principles to shape its vision, while always preserving the precious design legacy of **Rodolfo Dordoni**, Art Director and Coordinator of all the collections from 1998 to 2023.
Inspired by global perspectives and refined by masterful craftsmanship, the collection transcends mere design – it is a creative journey through different cultures where each piece reflects the brand's values, blending seamlessly with diverse influences: from the Brazilian modernism of **Marcio Kogan / Studio MK27** to the Japanese tradition of **Nendo**, from the Scandinavian philosophy of Italian-Danish duo **GamFratesi** to the ecletic design of **Hannes Peer** and the Milanese and Californian aesthetic fusion of **Giampiero Tagliaferri**, up to the Japandi style of **Inoda+Sveje** and the French elegance of **Christophe Delcourt**.
Every design tells its own story, yet it lives in harmony with the others, creating a unique symphony of style.

YVES

HANNES PEER DESIGN

A contemporary atmosphere, reminiscent of early 20th century Italian architecture, sets the scene for the Yves modular seating system.
A mix of rigorous geometries and sinuous shapes, embellished with unexpected and dynamic *couture*-inspired details that give rhythm to the volumes, shaping the design and becoming part of its architectural language.

THE WORLD OF MATERIALS

The Minotti lifestyle is interpreted not only with a wide range of products imbued with timeless design, unparalleled comfort, and fine craftsmanship, but also through an extensive selection of materials with great expressing power that allows partners, clients and professionals to create highly-customised interior design projects.

In particular, each year, a new **Textile & Leather Collection** comes to life alongisde a new collection of furniture, thus ensuring stylistic coherence between the design of the products and their upholstery.
Conceived and developed exclusively for Minotti, this collection reflects the brand's commitment to **quality** and **durability**, resulting from the in-house, constant **research** and **know-how**.

It includes fabrics crafted from the finest natural yarns – wool, linen, cotton – and synthetic fibres together with leathers, which are processed with the most advanced sustainable techniques and carefully selected to offer a unique blend of **tactile pleasure** and **timeless elegance**.
All textile proposals are distinguished by eclectic shades, modern weaves and original patterns, and dress the upholstered seats like *haute couture* clothes, enhancing their shapes as well as the dialogue with woods, marbles, metals, and lacquered finishes.

A variety of high-quality, long-lasting materials that meets exquisite design to express the unique *Made in Italy* style of the brand, and to interpret any taste, need and interior with refined aesthetics.

MINOTTI PAVILION 2024

The latest exhibition path designed on the occasion of the *Salone del Mobile.Milano 2024* expressed the brand's renewed creativity through a captivating blend of decoration, art, architecture and design, thus turning the spotlight on the protagonists of the latest collection.
Get inside the **Minotti Pavilion 2024** for an immersive experience.

LATITUDINI

Mixing real and virtual worlds, the film "**Latitudini**" proves to be the perfect theatre for the Minotti lifestyle and the protagonists of the latest collection, set in different residential and hospitality contexts, where architecture, design and nature dialogue harmoniously with each other.
Discover beauty at every latitude on an inspiring journey.

DESIGN STORIES

The "**Design Stories**" interview series presents the brand's international team of architects and designers and unveils insights related to the design process of the latest collection. A veritable journey through different design cultures that meet the craftsmanship and values of Minotti to create a global collection project.
Watch the video interviews for more inspiration.

INTERIORS ALL OVER THE WORLD

The "**Interiors all over the world**" video shows the transversal yet unique design language of the brand: the indoor and outdoor furnishing proposals of the collection enhance different residential and hospitality contexts all over the world, creating oases of functionality and comfort.
